## **A message from Lena Rodriguez, President and CEO**

Dear Friend and Colleague:

Please take a moment to browse through this booklet. As you will see, CRT offers a vast array of services – more than 60 in all – in communities throughout Central Connecticut. From the youngest in our infant/toddler classrooms to the oldest residents of our unique assisted living, CRT supports our region’s citizens. We are constantly seeking to address gaps in services such as the need for affordable day care and housing for homeless veterans.

I hope that you will use and refer others to these fine services. But I also hope that you will help us identify and address the community’s unmet needs. CRT’s dedicated staff is helping people move from daily struggle to sustainable comfort. By working together we can go “beyond the basics” and focus on the deeper issues of poverty and inequity. The services are also described on our website, [crtct.org](http://crtct.org), where you can also fill out online applications for many of our programs.
